

Potential Career Day Representative:

This year **Riverhead Charter School** will be hosting a Career Day for our students in 3rd-8th grades, and we need your help. The goal of Career Day is to help our students:

- Develop an awareness of the world of work**
- Gain exposure to different types of career options**
- Understand the importance of discovering one's passion & interests**

Many of our students are unaware of the career opportunities available to them and this is a fantastic way to provide them with first hand knowledge of potential career paths. This is also a great way for you to get involved with Riverhead Charter School and make an impact on our students' future. We are looking for a variety of people interested in spending a few hours talking to our students about their career.

Participants will be seated in an open area and will engage with students as they enter the room and approach their tables. Topics of discussion will include: experience in high school & college, discovery of passion in the field, typical work day, work conditions, education & training, job security/outlook, and salary range. If you have any questions or would like to get further information please contact the Social Work Department at (631) 369-5800 ext 2234/2251. Thank you in advance for your involvement.
